SCHOOLS ARE INADEQUATE SAYS HELMS

Board Confers With Council on Playground Question—City Officials Will Inspect Oakland Schools Next Month.

The school board met last night to confer with the city council on the campaign for a city beautiful and for playgrounds for Richmond children.

Superintendent Helms gave an outline of the school situation in Richmond, and after speaking of the lack of room in all of the schools but the Washington school, for improvement of the kind needed, said that even the buildings were proving inadequate to care for the city's needs.

Helms said that when the high school was first built it was claimed to be too large, but that now it was not big enough. He mentioned that the classes graduating each year were but about 25 in number against entering classes of approximately 100.

City Clerk Faris was instructed to communicate with Oakland playground authorities, and arrange a meeting with the Board of Education of Oakland to escort the city council and local school board members through the Oakland school departments, and over the playgrounds some Sunday after November 1.

In addition to the remarks of the mayor and councilmen, E. H. Harlow, J. F. Brooks and J. A. Ford spoke along the lines mentioned by Helms.

LEFT OAKLAND TO REACH BERKELEY; ARRIVES IN CITY

Because he could not tell a story which would hang together to the satisfaction of the police department, and because his actions caused the suspicions of the police officers, Louis Coint, a Frenchman, was arrested and placed in the cells last night by Officers Standford and Sprague.

Coint was arrested in the Southern Pacific yards. The two officers noticed him aimlessly walking at the far ends of the Espee enclosure, and accosted him, asking what he was doing.

The man replied that he had come out from Oakland to take a train to Berkeley. He adhered to the statement, and when questioned as to why he passed through Berkeley to come here, and why he took the Richmond car instead of the Berkeley car, he became all tangled up, and sukked.

He will be kept over night, and an investigation conducted today.

When searched, he was carrying knives and tools used by butchers in following their trade, and told the police that he was a butcher by trade, and going to Berkeley from Oakland for work.

CLARK'S SON TO BE A CHAMP

A fine, husky man-child arrived at the home of C. A. Clark last night. The happy father, who is candidate for superior judge, declares that the visit of the stork is an omen that he will be elected.

"I'm going to call him Champ Clark," declared the beaming father last night. "Doc. Abbott says he's a perfect child and I know he brings with him all kinds of good fortune. He weighs all of ten pounds and he's going to carry the election for me!"

Both the mother and baby are doing well. Clark was assured of being elected anyway, but this happy event ought to clinch it.

T. JOHNSTON SPEAKS TO A LARGE CROWD

Thomas D. Johnston, candidate for district attorney, addressed a large crowd at the Standard Oil gates yesterday noon. He spoke on issues of the campaign and answered charges made by certain men with reference to his vote on labor measures. He showed the records of the Legislature and declared that those who were making the charges were in the employ of Soto.

He sketched his life in the city of Richmond as a working man and pointed to the fact that he had been a member of the Carpenters' Union. He declared that he was independent of political rings, which, he said, Soto was not.

Chief Deputy District Attorney Ormsby followed Johnston. He detailed the shortages of money in the county office while Soto was auditor, and added that while Soto was deputy district attorney he had handled one case, while Ormsby had handled 175.

Next Meeting of Council To Be Interesting

Owing, probably, to the fact that the school board and several outsiders were present at the scheduled star chamber session of the city council last night, many matters which were laid over last Monday night for debate were passed by, and unless a committee meeting can be called before next Monday night the council session will be as interesting as last time, and may be as freely interspersed with interruptions to lay matters over until a quiet session.

Among those measures which were scheduled for last night were the detective ordinance, the public hygiene ordinance, the proposed municipal bath house, and others.

TO GET AFTER DOG GRABBERS

It is said that warrants will be sworn out in the next few days by Poundmaster Smith for several west side people, who are suspected of holding horses, cattle and dogs belonging to other people, in order to collect the reward.

MILT. SCHMITT SUBSTITUTED FOR E. WOLF

Veale Puts O. K. on Redlight King and When Protest Is Raised Gets Man of the Same Variety.

When the Republican County Central Committee announced that Eddie Wolfe of tenderloin fame was to invade Contra Costa county in the interest of clean politics, the people of Martinez protested vehemently. Rev. Francis W. Reid, pastor of the Walnut Creek Presbyterian church, told his congregation the following, in speaking from the text, Job 1:6, "When the sons of God came to present themselves before the Lord, Satan came also": "I regard it as an insult to every decent male and female citizen of Contra Costa county that one of our political parties presents for its spokesman at our county rallies a man who for twenty years in our Legislature has been the champion of vice against laws proposed to protect virtue. I refer to the notorious 'Eddie' Wolfe, Wolfe by name and wolf by nature, whose infamous career as the representative of the vilest element in the population of San Francisco has given him a national reputation. When there are thousands of decent men in this party capable of presenting its claims and candidates to the voters, I think it a disgrace that such a man should be selected. Especially so, since he has been the chief opponent of the red light statement bill, and at the recent recall election has been chosen in place of Senator Grant, who proposed that measure."

Such a noise was made about it that Wolfe was hastily directed to keep away. Milton L. Schmitt, who opposed the red light bill, women suffrage, primary election law and voted for the racetrack bills, was substituted. The people of Martinez are wondering whether their protest did them any good.

Wolfe was scheduled to speak in Richmond Saturday along with A. F. Bray, the sheriff's son-in-law, M. R. Jones and a few others. Now we'll get Schmitt. The choice party is to hold a meeting here in the interest of Fredericks and Knowland. Nice bunch, isn't it? And maybe General Veale will come along.

FIRE HELMETS HAVE ARRIVED

A consignment of 19 fire helmets was received by Fire Chief Le Moine yesterday. The new helmets are exceedingly jaunty and also serviceable. They are of black leather, reinforced with steel bands. The chief's hat is all white and decorated with gold trimmings. It is a masterpiece and the chief has been trying it on ever since he received it.

2700 CLUB WILL EXPLAIN AMENDMENTS

The most important matter which came before the 2700 Club last evening was the organization of its forces for the campaign between now and election day for the furtherance of the interests of the common people at the polls.

Owing to the number of amendments, it becomes necessary for those who are familiar with the issues to instruct those who do not thoroughly understand them.

It is the intention, therefore, of the club to give every worker in the city of Richmond and the surrounding territory an opportunity to learn which of the proposed amendments are for his or her benefit.

A call is made to every member of the club and also every union man of

BOARD OF EDUCATION WILL ACT AS PLAY GROUND COMMISSION

The members of the Richmond Board of Education are to act as playground commissioners for Richmond until such time as the city council can appoint a playground commission.

This was the sense of the meeting of the city councilmen in secret session last night in the city hall. They agreed to take immediate steps in the formation of a playground commission to take up the matter of securing playgrounds and parks for the city.

The campaign for carrying to completion any measures which are found feasible is to commence in earnest, according to the declaration of several of the councilmen, although the council expressed their reluctance in interfering with matters pertaining to the school board, went on record as willing to take any steps to arouse enthusiasm, or give moral support to a thorough investigation of playground and park requirements and possible solutions to present problems.

LOCAL MAN'S BROTHER KILLED ON BATTLEFIELD BEFORE LEIGE

"I wish I could go back today. They killed my brother and my cousin."

All the spirit that has taken Leige, Namur, Antwerp and that has enabled a country to defy the world, was shown in that brief declaration by Carl Ostfeld, who lives in the Germania Hotel.

Ostfeld received a letter yesterday from his father, who is a government customs inspector at Bremen, Germany. The letter says that little is known of the war in the interior of Germany and the only news they get is the long list of dead and wounded issued by the government.

With the letter came a picture of Otto Widgein, commander of the

submarine U 9, which sank the three British cruisers recently. Widgein is hailed as a national hero in Germany.

"I have eight cousins fighting for the Fatherland," said Ostfeld last night. "My only brother, Wilhelm, went to the front at the first of the war. He was killed in one of the battles that preceded the taking of Leige. I don't know how he died. The only information the government gives is the name in the list of killed. My cousin was killed on French soil."

"If I could I would go back today and fight for the Fatherland to avenge their deaths."

REPORT THAT WHARF PLANS ARE FINISHED

Will Be 600 Feet Long and 90 Wide—Labor to Be Paid \$2.50 for Eight-Hour Day—No Hospital Fee.

Haviland and Tibbets, harbor engineers for Richmond, reported the completion of the plans and specifications for the outer wharf, to the city council in committee meeting last night.

The plans call for the construction of a wharf 600 feet long, and 90 feet wide, and the specifications include in elaborate detail the rules which will govern the work.

Among other things, the specifications provide an eight-hour work day for the men, and a minimum wage of \$2.50 per day for labor, which is a departure from the custom followed on some of the large city contract jobs let.

Another feature to the specifications is a clause abolishing the time work, and the \$1 a month hospital dues, which are collected from the men to pay hospital costs in case they are injured while working on the job, and which under the present employers' liability act is a benefit only to the employer.

Complaints have been made of the method by many firms, including the Shattuck-Edinger Company, employed in constructing the municipal tunnel, to the effect that sometimes men worked only one day, or a few days, but were compelled to pay this fee just the same, and that in some cases the same men were hired and fired several times during the month, considerably lessening the pay check for their hard-earned wages.

The clause in the new specifications absolutely prohibits the charging of a hospital fee.

SONG SINGS HIS WAY TO HOOS GOW; ESCAPES SINGING TO SING SING

A Song sang. And a rough house started. And later a cop took the Song to the city bastille, where the singing stopped, but where the Song remained, and probably will remain until Police Judge Lindsey calls Harry Song to the bar, and makes disposition of his case, on a charge of disturbing the peace. Officer De Pew was stirred out of his comfortable quarters in the hoos gow front parlor and hastened down the street, to an animated group, in the center of which was Mr. Song, singing cheerfully, but kicking up a roughhouse with the others. He was taken to the jail, where it was found out by papers on his possession that he was from Oakland.

OUR ATTITUDE ON THE AMENDMENTS.

This is how the Daily News stands on the amendments. We believe that to vote as indicated below will best serve the interests of the great majority, the workers.

Many of the amendments are very long and the meaning of some of them is well hidden by that clumsy phraseology that is so loved by the lawyer folks. For that reason we have tried to explain the meaning of each measure as briefly as possible.

Look over this list carefully. We believe that we have voted right on them.

And when you mark your ballot on election day put a very black cross opposite the YES for the Eight Hour Law, Taxation Exemption and the Abolition of Poll Tax.

We believe the following candidates should be elected:

Hiram W. Johnson, Governor; John M. Eshleman, lieutenant-governor; F. J. O'Brien, secretary of state; J. S. Chambers, controller; Friend M. Richardson, treasurer; U. S. Webb, attorney general; F. J. Heney, United States senator; Superior Judges, C. A. Clark and A. B. McKenzie; M. Iversen, member of the Assembly; Zeb Knott, supervisor.

1—Calling convention for Revision of Constitution. Would cost a great deal. We have introduced many new laws and it is best to wait before we start such a task. **Vote NO.**

3—Eight-hour Law makes it a misdemeanor to work employes more than eight hours out of 24 or more than 48 hours in one week. **Vote YES.**

5—Investment Companies Act. Creates state corporation department with control over investment companies and investment brokers; prohibits issuance of securities before investigation. Sometimes called "Blue Sky" law, and is aimed at fake investment companies organized to fleece the gullible. **Vote YES.**

6—Water Commission act. Creates water commission for control of appropriation and use of waters. **Vote YES.**

7—Local Taxation Exemption. Gives counties or municipalities the right to exempt from taxation any class of property. Called "Home Rule in Taxation" which name explains it. Labor is strong for this amendment. **Vote YES.**

8—Exempting Vessels from Taxation. Desirable. Will enable ships to register in California instead of elsewhere. **Vote YES.**

9—Regulating Investment Companies—A joker "blue sky" law. Interests which oppose effective legislation on this subject are back of it. **Vote NO.**

10—Abolition of Poll Tax. The tax is unjust and has never been evenly administered. **Vote YES.**

11—University of California Building Act. University is growing and needs more room. **Vote YES.**

12—Constitutional Convention. Provides for non-partisan methods for nominating and electing delegates when constitutional convention is held. **Vote YES.**

13—Qualification of Voters at Bond Elections. This is the most vicious amendment of all. Would allow only property owners to vote at bond elections. **Vote NO.**

14—Voting by absent Electors. **Vote YES.**

15—Deposit of Public Moneys. Would permit public deposits of moneys to be used by private banks under bonds. Dangerous. **Vote NO.**

16—Condemnation for Public Purposes. Permits city to condemn for public purposes more land than is necessary, so that city can sell surplus land after improvements have been made and value has increased. **Vote YES.**

17—Exposition Contribution by Alameda County. Alameda is willing to contribute to Exposition. Only that county will vote for the bonds. **Vote YES.**

18—Non-Sale of Game. **Vote YES.**

19—Consolidation of City and County. Facilitates consolidation of city and county governments. **Vote YES.**

20—Prize Fights. Too drastic. **Vote NO.**

21—City and County Consolidation and Annexation with Consent of Annexed Territory. Relates only to cities having more than 175,000 population. **Vote YES.**

22—Land Title Law. Proponents say it would simplify present system of land title registration which is cumbersome. Opponents claim measure is faulty and would lead to confusion. **Vote NO.**

23—Elections by Plurality, Preferential Vote and Primary. Will enable more modern systems of voting to be adopted to suit local desires. **Vote YES.**

24—Assembly Pay Roll Expenses. Gives state assembly 20 more clerks. **Vote NO.**

25—Adoption and Amendment of Municipal Charters Simplifies existing constitutional provisions. **Vote YES.**

26—Legislative Control of Irrigation, Reclamation and Drainage Districts. **Vote YES.**

27—Slightly amends existing County Charter law. **Vote YES.**

28—Regulation of Public Utilities. Vests in railroad commission full power to fix rates of public utilities. Would be dangerous should commission come under control of corporation in future. Present law is adequate. **Vote NO.**

29—Incorporation of Municipalities. Enables cities to govern own affairs without specially enumerating same in charters. **Vote YES.**

30—Irrigation Districts Controlling International Water Systems. Applies only to Imperial County. **Vote YES.**

31—Valuation of Condemned Public Utilities by Railroad Commission. **Vote YES.**

32—Election of U. S. Senator. Eliminates law prohibiting governor to be candidate for U. S. Senator. **Vote YES.**

33—Public Utilities in Municipalities. Prevents municipalities to regulate rates of franchise public service corporations. **Vote NO.**

34—Taxation of Public Property Permits county or city to tax property situated within its limits and used by another county. Improvements on such property not to be taxed. **Vote YES.**

35—Sacramento State Building Bonds. New buildings are needed. Will give employment to labor. **Vote YES.**

37—State Fair Grounds Bonds—Approved by S. F. Labor Council. **Vote YES.**

38—Los Angeles State Building Bonds. **Vote YES.**

39—Suspension of Prohibition amendment. Would postpone prohibition, if it should carry, from five days after the election to Feb. 15, 1915, and the exportation of manufacturers' wines, etc. to Jan. 1, 1916. **Vote YES.**

Constitutional Amendment No. 7

means Home Rule in Taxation. Home Rule is a sacred word and a sacred sentiment. It is, and has been held sacred by every man and woman since the dawn of history, who had a spark of patriotism and love of freedom in their composition. It has been lauded by the brave and the true of all nations and tribes since the world began. That is a right that has cost the human race oceans of blood to enforce as far as it has been already. The right for a people to govern themselves in their own way, in all things, has never been denied but by a tyrant. The first great victory for that right was forced by an enraged people from King John, on the plains of Runnymede, in the form of the Magna Charta. It was later enforced on King George after seven years war by the American Colonies whereby a government was given to the world where the right to self-government was its dominant feature. We have forty-eight States in this government, each with the right to govern themselves in their own local affairs. This system has grown so popular that the whole world is clamoring for such a system today. The nobility for hundreds of centuries believed the people incompetent to rule themselves. We have proven the contrary. A few years ago we changed our Constitution to exempt, I think one hundred dollars worth of household furniture from taxation. That was very good, but we might want to exempt from time to time more than that much, and we don't want to have to change our state Constitution every time. That is why we ask for this amendment. We want to be permitted by the constitution to collect the taxes, each City or County in their own way, for local purposes only. The man or set of men who would deny us that right, must think that we are a queer lot anyway. If the people of this State vote to deny themselves that right, they can only do so on the grounds that they feel themselves incompetent and ask for a superior intelligence to govern them or protect them from injuring themselves, as they would if they felt themselves growing insane and want-

ed to guard themselves from their own irrational acts.

PROCLAMATION OF THANKSGIVING BY PRES. W. WILSON

President Wilson issued his Thanksgiving proclamation yesterday. It said in part:

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for the many blessings and mercies to us as a nation. The year that is now drawing to a close since we last observed our national day of thanksgiving has been, while a year of discipline, because of the mighty forces of war and of changes which have disturbed the world, also a year of special blessing to us.

"It has been vouchsafed us to remain at peace, with honor, and in some part to succor suffering and supply the needs of those in want. We have been privileged, by our own peace and self-control, in some degree to steady counsels, and shape hopes and purposes of a day of fear and distress. Our people have looked upon our life as a nation with deeper comprehension, fuller realization of their responsibilities as well as of their blessings, and with a keener sense of moral and practical significance of what their part among the nations of the world may come to be."

"MARTA OF THE LOWLANDS" FILM PLAY AT RICHMOND TODAY

"Marta of the Lowlands," shown on the screen at the Richmond theatre yesterday, proved a success, and will be shown again today, in conjunction with a bill, including the Pathe Weekly, which presents scenes showing the European war pictures of the battles of Louvaine.

Mme. Bertha Kalich is featured in the well known emotional drama, "Marta of the Lowlands." Her role gives opportunity for the display of her rare abilities as a moving picture actress, and her beauty, and stately stage presence is shown to good advantage throughout the plot. The plot is one in which a beggar child, adopted by wealthy land owners, is made a victim of the idle whims of the well-to-do. Several counter plots work out into a drama of tense heart interest.

LOCAL BOY IS OPERATED ON

Thomas Poage, 126 Fifteenth street, who is a student at the University of California, was suddenly stricken with appendicitis yesterday afternoon. He returned home, where his condition rapidly became serious and at midnight Tuesday he was taken to the Craven hospital, where he was operated on by Dr. W. E. Cunningham, assisted by Dr. Hall Vestal and Dr. H. L. Carpenter. He was greatly improved yesterday.

Thomas D. Johnston, candidate for district attorney, will address a gathering of working men this noon at the Santa Fe shops.

He will reply to those who have attacked his record and will tell a thing or two about his opponent's record.

ENTERTAINS CLASS MATES

Miss Winifred Conwell entertained a number of her high school classmates, who graduated with her at her home, 1125 Bissell, Tuesday night and served them a course dinner of her own cooking. The affair was in the nature of a celebration of her home coming from a three months' vacation in Santa Cruz mountains. The color scheme of the decorations was green and yellow and it was carried out even to the electric lights. After the dinner was served—it was voted a work of art by the lucky ones who partook of it—the girls exchanged vacation experiences. Those present: The Misses Hulaniski, Hazel Fisher, Verne Welch, Myrtle Welch, Winifred Conwell and the Messrs. Herbert Turner, Eric Turner and Willard Poage.

Lofty Colonnades of the Superb Court of the Four Seasons, Panama-Pacific International Exposition, San Francisco, 1915

THIS photograph faintly portrays the beauty of the arches that stand between the Court of the Four Seasons and the Western Venetian Court. While it truly presents the attractiveness of the architecture, it cannot even hint at the beauty of color tones.

The pilasters shown in this photograph are of verd antique bronze, the background of imitation Travertine is of ochre hue more than half the height of the arch, and the upper portion is of Pompeian red, with touches of orange and copper green in the ornamentation.

Inside the arches the ceilings are of cerulean blue, and bas-relief in white shows scenes typical of the seasons. The square wall surface at the left of the picture shows where one of many mural paintings will be placed.

Looking through the arch, a part of the Court of the Four Seasons may be seen. Closer inspection shows a verse from Spenser and below it the signs of the Zodiac.

The world is to be given something new in the system of courts at the 1915 Exposition, and each one is to be a revelation in modern construction. The Exposition will open at San Francisco on Feb. 20, 1915.

C. F. CURRY WILL BE HERE FRIDAY

Major D. W. McLaughlin left for Salt Lake yesterday to meet Congressman Curry, and will accompany the latter to Richmond, arriving here Friday in time for the big Republican rally to be held in the basement of the Elks' club rooms. Former Governor Gillette will address the meeting, as will Curry.

ZEB KNOTT, RICHMOND'S CHOICE FOR SUPERVISOR

The western end of the county, particularly Richmond, has no representation on the Board of Supervisors, in spite of the fact that we have 6000 voters, more than half of the entire voting population of the county. Thousands of dollars are paid every year into the treasury and we have no one on the board who is vitally interested in the welfare of the city.

"It's about time we wake up," declares Zeb Knott, "and lay aside our petty jealousies and elect a supervisor from Richmond."

You Must Pay Higher Taxes

If proposition No. 2 should be carried, an investment of \$210,000,000 in California would be destroyed. Many millions of dollars now paid in taxes to the state, counties and municipalities by the brewing, wine and liquor interests would be shouldered onto the individual in the form of additional and more burdensome exactions.

I am opposed to it notwithstanding the slurs that are made by its advocates—that every man who dares oppose it favors intemperance and is working in the saloon interest. OLD SOL, SHINE ON!

BREEZY NOTES IN SPORTDOM

IT IS RUMORED that Connie Mack will retire next year in favor of Harry Davis, who once was a huge success as manager of the Naps.

IT IS WELL to buy a bale, but if you want to help the suffering magnates buy a ball club.

JOHNSON AND Willard are going to fight in Mexico. Wow! Much fierceness as the go will prove, it will be a fly in a milkpan, the usual Mexican scenery.

HARRY WOLVERTON had a chance to get in soft on the Coast lineup, but his loyalty to Jacobs prompted him to turn down the offer unless Jacobs should be included.

CHEER UP, old Coast League, 1915 is coming, and the year will be a good one for baseball.

CAMERON and Chip, besides acting as sparring partners for George Chip, are planning a little bout of their own.

HOWARD FLEMMING, popular Rub by captain of 1913 is to be back on the U. C. lines.

EIGHTEEN SCHOOLS are to come in on the novice field day doings of the Public Schools Athletic League next Saturday, at Southside Park.

RALPH GRUNAN was handed the decision in Tuesday night's 15-round boxing match with the Willie Fitzsimmons. The sport was tame, and the fans disappointed.

FREDDIE WELSH was given the decision over Matty Baldwin in Boston Tuesday night, in a 12-round go.

RETRENCHMENT is to be the battery of the Coast League magnates during 1915. Some sensational changes in that direction have already been announced, and salaries, men, and expenses are lined up right by file for the ax.

STAY OUT UNTIL SUNDAY AT 5 O'CLOCK, RICHMOND NEEDS YOU AND THE CHANCE TO PLAY OAKS

Old Sol, the Baseball Club beseeches you to get control of the heavens and keep it until after Sunday afternoon at 5 o'clock.

After that time, the baseball club says you can duck if you want to, and stay ducked for six whole days.

Always on the seventh day, the Ball club wants to see your smiling face.

Yesterday, threatening black clouds and rainy feeling air sent baseball fans to the door many times.

Hopes and prayers went up in profusion from the ball fans, who are looking forward to the season's biggest game—the conflict with the Oaks.

Confidence in the winning is increasing daily and the Richmond boys are once more collecting what coin they can get hold of to show their final burst of faith in the home town team's ability.

The lineup is a crack team, and according to all rules of baseball should be a winning one, even over the Coast Leaguers who have drilled and worked together for a season.

Oakland is going to put some good men into the field, against Richmond, and Richmond is coming right back at them with one of the strongest lineups ever used outside of big league work.

Richmond's lineup is going to be backed with something which should prove as effective as weeks and months of practice.

We are going to have enthusiasm and determination to win behind us.

The test game at Concord was eminently satisfactory to the powers that be. The game was well played, and the men worked well with each other. The score showed that the local team was once more in shape for work, and had a chance at getting back into its old time reputation as a speedy outfit.

HIGH MOGULS OF COAST LEAGUE MAKE RETRENCHMENT PLANS

The discovery of the serious financial condition of the ball clubs belonging to the Coast League, as shown at the meeting of the magnates in San Francisco has been made the reason for some slashing in expenses.

Some of the decrees for 1915 are:

The limiting hereafter, of the clubs to 18 players in place of 20 as heretofore.

The salary list reduced to \$5,000 per year as against \$6,000 in the past.

The adoption of the single umpire system, which will mean a saving of approximately \$6,000 a season.

Appointment of a committee to find a home for the missing sixth club, to take the place of the Missions, Salt Lake, San Diego, Seattle and Sacramento are under consideration.

The announcement that the 1915 season will begin March 23 and close October 17.

CALWAS AND REDMEN SCHEDULED FOR B. B. TANGLE NEXT SUNDAY

One of those interesting "grudge fights" is scheduled in the ranks of the Midwinter Leaguers for next Sunday afternoon. The Calwas are lined up to tackle the Redmen.

The two teams love each other, and have those tender thoughts common to a fight between a lion and a leopard.

Oh, yes, the game will draw a crowd.

The Redmen for a time had a crack team, and were tearing into the smaller teams around here with a vengeance. At the same time, the Calwas had a crack team, and were considered head and above any other team in the neighborhood.

The fun started when the Redmen picked up courage, and got a game with the Juicemakers. And the worst part of it began when the Redmen came off the field victors.

Even since, there has been a keen interest in the games between the two teams, and Sunday's go, if definitely agreed to by the teams, will be a drawing card.

IMNOTA STILL IN RAVING CONDITION

Imnota was still confined to the dippy house cot yesterday, although the pill roller and saw artists said it would be but a few more days until he could be removed to a padded cell to rave in peace standing on his pins.

For a space of an hour, he was quite himself, and was able to hand out talk that sounded like the Imnota of old.

His interest in the Oakland game was tremendous for a time.

He wanted to know who was going to pitch for Richmond.

He wanted to know what changes we had made in the lineup, and wanted to know so many other things, that it was some time before we could get anything but questions out of him.

When he did simmer down to facts he gave us the earful that he was going to get well in time for the big doings on the local lot, if he had to go back and stay in the padded cell for life.

"I tell you it is the Elks turn to win. Oakland is going to be our eats," he said, as he reached for his pockets, found he had none, and told the attendant to bring us a dime to stake on the game for him in case he should lapse into the DT's until after time to make the bet in person.

When we broke the news that Burns was to work on the mound, his eyes brightened and he forgot his dizziness for several moments.

"You don't say," he queried. "Well, whaddya know about that. I'm going to raise my dime to 20 cents on the Elks."

After we finished talking to Imnota, we had a talk with the medicos in charge of the institution, and they assured us that they would do all in their power to pull him out of the slump of wrecked nerves, and give him a bracer, in time for Sunday's game.

HIGH BASKETBALL TEAM PRACTICING

Daily practices of the boys' basketball squad will be held from now on and the team will be put on a basis very much the same as the football squad. A lively and peppy practice was held last evening in the gym.

The first game of the season will be held Friday afternoon, when the team will journey to Berkeley, where they will meet the five of Franklin Introductory high, on their outdoor court. Those who have in the weeks of past training proved themselves capable of filling a position on the team are: Forwards, Cox, Cain and Cameron; guards, M. Walters, Brown and Horvitz; center, Pierson and Jones.

It was decided yesterday at a meeting of the squad that very few games, and those just for practice, would be played with grammar schools of this and near by cities. This will limit the games to be played with such Berkeley schools as McKinley, Washington, Whittier, Le Conte, Hillside, Columbus, Lincoln and others.

HIGH SCHOOL NOTES BY SCOOP

COMPULSORY ATHLETICS PROPOSED FOR LOCAL HI SCHOOL STUDENTS

A matter of utmost importance was given its first announcement by Principal Tucker yesterday. It was in regard to the wonderful advanced movement being made in the handling of athletics, that is being taken up by many schools throughout the state. The plan is to have compulsory athletics, each student of each class competing in every event as it is brought up. An average of the individual marks made by each member of the four classes will be taken and will stand as the class average in that event. These records will be accurately computed and mailed to the other schools in the state-wide organization for comparison. A record of the highest mark by any individual in each event will also be sent in.

The great advance that will be made by this method is that every student will be brought out for athletics, and as a good mark from him

The Senate debating club held a well attended meeting in the school office last evening. Final entrance papers to the University Extension League, debating section, were dispatched last night.

Although no official confirmation of the rumored match of Richmond high and Danville high, for a debate on December 4, at Richmond and Danville simultaneously, has been received, the club is acting on that assumption and are preparing to select a team.

Miss Carter of the faculty was present at the meeting.

The first of the mixed doubles will be played today. The Noyes-Nystrom duo will meet the Jones-Adair two, and the game promises to be exceedingly fast and interesting. McGregor and Hall vs. Marcolla and Mount will be the other game of the day.

Following the playing off of the few scheduled mixed doubles games, the games of girls' doubles and singles will be played. Following the completion of the first round of elimination games it will be possible for the tennis tournament committee to match the winning teams for the semi-finals, which will then be run off.

With a lull in intercollegiate athletics in all lines for the present, much interest is lately being manifested in the tennis tournament that is going on. Rapid progress has been made in the playing of the elimination games of boys' singles and doubles, so that now but one remains to be played, Robinson vs. Marcolla.

will raise the class average, he will strive to do his best.

As compulsory military training will probably be instituted in the local school room, as it has been in some of the high schools of the state already, this more agreeable step of attractively clothed compulsory athletics should be well taken up and supported.

"Tales of a Million Dollars"

How the Pioneer's Faith Was Justified

Today Richmond stands on solid ground. But even so short a time ago as 1912 it took a far-sighted person to realize the destiny of this city.

Frank Lucas realized it. An old resident, he bought lot 23, block 18, at the opening of the Nicholl-Macdonald Ave. Business Center Tract. It was a choice lot—cost \$3250 then.

He bought it from Burg Bros., Inc.; sold it a few months later at a price we do not know. But we do know this: Three weeks ago this same lot sold for FIVE THOUSAND DOLLARS!

Had he held it twenty-two months, his share of the "Million" would have been \$1750.

And the fact that this rise in value has JUST NOW been realized, proves what we have been saying:

"Richmond Has Merely Started"

We explain our views in some detail—give a few reasons why in our 40-page book, "How to Buy Real Estate for Profit." You'll enjoy reading it. Mail us this coupon—THE BOOK IS FREE.

TAYLOR IS FOR J. D. PHELAN

Edward Robeson Taylor, Mayor of San Francisco during the "graft" prosecution period, and for years a prominent figure in the medical, legal, and literary life of the West, has come to the support of Former Mayor James D. Phelan of San Francisco, candidate for United States Senator.

VOTERS, ATTENTION.

Organized labor asked all candidates their attitude on labor questions. Sharkey and Horner refused to answer. Iversen, the Socialist, replied in favor of labor on all questions.
